Wilson County Beautification Association members donate a tree to the Wilson County Courthouse.

Wilson County Beautification Association members gather in front of the Wilson County Courthouse around a lamp-post after painting and affixing a hand-painted county seal. The seals adorn the 27 old-style lamp-posts surrounding the county's seat of government.

Our Mission Statement

The mission of the Wilson County Beautification Association is to preserve and enhance the beauty of Wilson County, Texas, by engaging citizens, neighborhoods, organizations and businesses through education and activities to sustain a lifelong stewardship of our county.

clean-up projects

How to organize a clean-up project

1. Email us! info@wilsoncountybeautificationassociation.com. We can help with:
 - publicity to find more volunteers
 - where to find grabbers, bags, safety vests, gloves
2. Notify your County Commissioner to help you with important safety needs and to schedule pickup of your collected bags of litter.
3. Please remember to:
 - make a list of all volunteers
 - count the number of bags of litter you pick up
 - take photos and
 - share this info with us!**

Natural Burial Cemetery

Simple. Green. Affordable.

If we consciously care about the earth while we're living, we'll want to do the same after our death.

- Countryside is a lovely little green cemetery in La Vernia. We're family-owned and exclusively dedicated to serving eco-conscious families like ours.
- Natural Burials are 100% earth friendly and involve no embalming, metal or concrete
- Bodies and cremated remains

- are shrouded and/or placed in a bio-degradable container, then gently returned to the earth to recycle back into nature.
- A lovingly engraved flat natural stone memorializes the loved one
- Families have the option to plant and nurture a favorite native tree on the grave.

Spring at Countryside Memorial Park

Best friend burying the cremated remains of his best friend.

If you have an Immediate need, want to talk about pre-planning, want a price list or are curious about green burial, we're here to help.

We invite you to come out for a self-guided tour. You can also call Susan and she'll be happy to personally show you around and answer your questions.

Please contact:

illegal dumping & sign posting

Remember: Safety first!

What to do about illegal dumping: Note as much information as you can safely obtain, such as car color, make, model, license number, a description of the person(s) dumping, and include photos.

What to do about illegal sign posting: If you catch someone in the act of posting a sign illegally, note as much information as you can safely obtain, such as car color, make, model, license number and a description of the person(s) posting. A photo of the sign or at least details of what is advertised would be helpful but not required. (Note: It is perfectly legal for citizens to remove illegally posted signs, provided you do not trespass on private property.)

Provide the information to Wilson County Attorney Tom Caldwell at 830-393-7305.
